LAYOUT DESIGN - DRAWING AND CONTACT INFORMATION FORM

Service	Design Fee
Computer generated concept track plan drawing for a basic layout and/or kit with a maximum of three separate track lines. Fee includes up to two (2) drawing modification, if necessary. *Includes layout cost estimate, track list and drawing showing track elevation.	\$ 125.00

We will spend time with you to review drawings and answer any questions you may have. If you choose to have us build the kit/layout we have designed for you, the design fee will be applied to the cost of manufacturing your kit and/or building your layout.

*Layout cost estimate applies to the layout as it appears on the concept drawing. Custom bench work, wiring and electrical components, landscape and other specialty work is not included, unless specifically stated, in the proposal estimate.
